Sir:

In our post-allowance review of the above-captioned application, we noticed a small error in the Sequence Listing submission filed December 9, 2002. The corrected paper copy and corresponding CFR are submitted herewith and entry thereof is respectfully requested.

The following submission contains no new matter and is presented merely to insert the "Description of Artificial Sequence" sections for SEQ ID NO: 3 to 21 and the "mics_features" sections for SEQ ID NO: 3 to 8, which are supported by the originally-filed Sequence listings, and inadvertently omitted in the previous submission. The requisite statement under 37 C.F.R. §1.821(g) is submitted herewith.

IN THE SEQUENCE LISTING:

Please replace the sequence listing with the attached paper copy of the sequence listing. A CRF that is identical to the paper copy is also submitted herewith.
